## What is Mice.n.e.?

The “**MICE.N.E. - Mice Next Evolution**” Project, code **2022-1-IT01-KA220-VET-000088750**, is a two-year Project, running from January 2023 to December 2024, co-funded by the Erasmus+ Programme of the European Commission.

The **8 partners** of the MICENE Project come from **5 EU Countries** that are an expression of Higher Education, VET, Associations of companies in the MICE sector, Local Public Sector bodies and Innovation Networks.

## What's happened until now?

The project's activities were launched in December 2023. The diversified partnership dedicated considerable time to identify the subject areas of the HE curriculum that could have the most impact in the current MICE industry throughout the partner European countries.

Following the transnational partner meeting held in Maribor in May 2024 when the definitive version was validated by all partners, the work on the development of diverse types of learning materials began in earnest.

## MICE.N.E. objectives

- **developing** know-how in European students from economic backgrounds
- **promoting** digital integration in learning
- **supporting** the evolution of the role of the HE teacher
- **aligning** a pool of University Professors on transformational team coaching
- **disseminating** the results of the experience carried out at national and European level
- **developing** relationships at national and EU level
